

Welcome to Robinson Waters & O'Dorisio

In every major American city, some of the most highly regarded lawyers choose to practice together in locally owned, independent full service business law firms. These firms maintain the highest levels of personal service at affordable rates. The lawyers are results driven. They are often described as "well connected" because they are active in key community groups and represent local business leaders. Their clients often include their market's leading financial institutions, real estate concerns and closely held businesses.

In Denver, that law firm is **Robinson Waters & O'Dorisio, P.C.**

Since 1979, the firm has grown gradually by attracting shareholders and senior associates from national and regional firms. Those lawyers have added expertise in **securities, franchising, venture capital, gaming, creditors' rights, employee benefits, employment law** and **family law** to the firm's original **real estate, banking, corporate law, commercial litigation** and **white collar defense** capabilities. In 2009, the firm opened an office in Telluride to serve clients there and in other Western Slope markets such as Vail, Glenwood Springs, Montrose and Grand Junction.

Today, RWO can help you achieve your goals throughout Colorado and nationwide and internationally as a member of the International Society of Primerus Law Firms, one of the world's leading networks of independent law firms.
